

► Technical Details

Media Material	Needle felt polyester (PE)				
Micron Ra ngs	1, 5, 10, 25, 50, 100, 200 µm				
Top Type	Polypropylene Plas c Ring, Stainless Steel Ring, Galvanized Steel Ring, Rope, Felt Flange, None				
Temperature	150 °C				
Body Connec on	Hot welded or Sewn				
Ring & Bo om Connec on	Ultrasonic welded (D or V Types) or Sewn or Both				
Process Resistances	Strong Acid	Weak Acid	Strong Alkali	Weak Alkali	Solvent
	Good	Good	Excellent	Excellent	Good

► Advantages

- All welded construction
- Meets FDA requirements for food and beverage contact
- Manufactured under a certified ISO 9001 quality system

► Applica ons

- Water
- Oil
- Food & Beverage
- Coolants
- Paper
- Chemicals
- Inks / Paints / Coatings
