

Filtras air oil separator filters are a main component of compressors as they ensure that the air leaving the compressor is oil-free. We have air oil separator for air compressor, air oil separator for screw compressor.

› General Features

- » Construction material: stainless steel
- » Medium material: fiberglass, stainless steel mesh
- » Element type: coalescing or activated carbon
- » Dimensions: generally from 5 inch to 10 inch or customized
- » Filtration rating: down to 0.1 micron
- » Filtration efficiency: up to 99.99%
- » Maximum operating temperature: up to 80°C
- » Maximum working pressure: 0.02MPa
- » Working life: 4000-6000h
- » Oil content residual: 3-6ppm
- » Application: air compressor, screw compressor, etc.
